Re: Takeda Pharmaceutical Company Limited, *et al.* v. Zydus Pharmaceuticals
(USA) Inc., *et al.*
Case No. 3:10-cv-01723-JAP-TJB

Dear Judge Bongiovanni:

We are counsel to Defendants Zydus Pharmaceuticals (USA) Inc. and Cadila Healthcare Limited ("Defendants"), in the above-referenced action.

On January 27, 2012 Counsel for Plaintiffs submitted a letter to your Honor requesting that a portion of Defendants' Opening Expert Report be stricken. Defendants responded to Plaintiffs' letter on that same date. In their response, Defendants indicated that they would respond to Plaintiffs' request to strike portions of Defendants' Opening Expert Report, and would move to amend Defendants' operative Invalidity and Non-infringement Contentions, by February 8, 2012.

In an effort to narrow the issues to be presented to the Court, the parties discussed scheduling and Defendants provided Plaintiffs' with a redline copy of Defendants' proposed Second Amended Non-Infringement and Invalidity Contentions. Although the parties could not agree on the scope or substance of Defendants' proposed amendments, the parties did agree to the following proposed schedule which is intended to permit the parties to fully brief Defendants' Motion to Amend, including Plaintiffs request to strike a portion of Defendants' Opening Expert Report, and to permit the parties to timely complete expert discovery:
